# Microbiome Balance

## Targeted support for your microbiome

Perfectly tailored to your gut's needs for long-term gut balance & well-being.

The gut microbiome is a complex ecosystem made up of trillions of microorganisms that primarily live in the colon. This microbiome plays a central role in health as it performs numerous important functions in the body.

- High-quality probiotic cultures
- High-dose, organic zinc complex
- Curcumin-ginger-saffron combination
- Supports the regeneration of the intestinal mucosa
- Perfect after the RESET program
